5930-38 Northwood Drive is a group of five two story, two bay, brick rowhouses. The brick is laid in a variation of common bond (every sixth row has alternating headers and stretchers). A gabled roof tops the buildings, with each endhouse having a cross gable.

5938 Northwood Drive actually fronts Northern Parkway, its front facade being perpendicular to the front facades of 5930-36. Two gabled dormers and an exterior side chimney decorate the roof. Double windows, each having double hung 6/6 lights, are situated in each of the two second story bays. Beneath both of these are bayed projections containing three double hung windows with 6/6 lights. The main entrance, topped with a broken pediment, is located in the central bay of the first story. Quoins of brick decorate all four corners of the house. The Northwood Drive facade is dominated by a chimney located in the central bay. Two quarter-round windows are located in the gable end on either side of the chimney. Windows of this facade are double hung with 6/6 lights.

5932-36 Northwood Drive are identical in their styling. A double hung window with 6/6 lights, and a double window of the same characteristics are located in the second story. They are connected with a continuous sill of header bond brick. The locations of these windows alternate from one house to the other, but in every case a bayed projection is beneath the double second story window, and the main entrance is beneath the single window. The bayed projection contains three double hung windows with 6/6 lights and the door is surrounded by a pilastered architrave. A brick open porch and a terraced front yard are located in front of every house.

5230-38 Northwood Drive fronts Chinquapin Park, a pleasant residential setting in northeast Baltimore.

SPECIFIC DATES c.1950

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

5930-38 Northwood Drive is typical of much of the post-World War II residential architecture of Govans. The eastern third of the Govans contained most of the undeveloped land of the area by 1945, thus most of its development took the form of this two story, red brick rowhouse. Various treatments of roofs, doors, porches, brick, landscaping and layout can be observed among this form of housing in Govans.
